Attention: Ray S  
Subject: Quotation for Special Reticles

Gentlemen:

In accordance with your request, we are pleased to submit a quotation for a quantity of six (6) reticles. These reticles are to be supplied (three each for the sample Wild eyepiece and three each for the Olympus eyepiece) in accordance with the attached drawing.

Our quotation for fabricating a quantity of six reticles and installing them in Government furnished eyepieces is quoted at \$1600. Please note that there is no provision for centering adjustments in these eyepieces. The reticles when installed in the eyepiece need not be centered to a tight tolerance, providing the eyepieces are not rotated. The Wild eyepiece has a lock, however the Olympus eyepiece does not.

Delivery is estimated at within 10 weeks after receipt of your order and Government furnished eyepieces.

If you have any questions concerning our quotation, please contact the writer directly.

Very truly yours,
